

Let's talk about Europe

- Remember our Freedom of Movement to travel, work, live and love anywhere in 27 other countries?
- Remember young people being able to travel, study and train through the Erasmus scheme?
- Remember supermarket shelves full of keenly priced fresh produce grown in EU countries?
- Remember being able to sell to a vast population of the EU without endless red tape?
- Remember when EU standards kept our rivers and beaches free of sewage?

We are Hope for Europe and we believe:

While it is just not possible to rejoin the EU right away, we can move towards rebuilding a close relationship and start the conversations that will repair the damage that has been done.

Join us on the journey to a more prosperous, welcoming, tolerant Britain. Help us undo the damage of Brexit, rebuild closer ties with our neighbours and reclaim the soul of our country.

Be part of the conversation and help us move towards rejoining the EU.
